ACCESSIBLE HOLIDAY COTTAGES IN CORNWALL

After 101 days of closure, we have now reopened and are looking forward to welcoming guests again, we can't wait to see you back!

We have limited availability for this season, with only a few weeks left between now and November in Buzzard Watch! Valley View has some more availability, and we are offering a low occupancy discount during April and May for up to 4 people using two bedrooms.

As we open, many local businesses are looking forward to welcoming you too, including our wonderful pubs, gardens, shops, and cafes.

We recently visited a beautiful new [Thirstea café](#) above the Roseland Peninsula's stunning Towan Beach - see below image. This provides excellent takeaway food and drinks, with a focus on fantastic local produce, which can be enjoyed with uninterrupted sea and coastal views from the surrounding outside space, and indoors when restrictions allow. Please remember that many places are taking advanced bookings; our guest portal has further details!

If you are not able to visit this year, we are taking bookings for 2022, so have a look at our calendar, and book now to avoid disappointment!

If we can be of any assistance or you have any questions, please don't hesitate to get in touch, we would love to hear from you!

Best wishes and Stay Safe,

David & Esme
